Black History Month - The celebration of Black History Month began as "Negro History Week," which was created in 1926 by Carter G. Woodson, a noted African American historian, scholar, educator and publisher. It became a month long celebration in 1976. The month of February was chosen by Carter to coincide with the birthdays of Fredrick Douglas and Abraham Lincoln.

Time to Laugh

-An elderly woman died. Having never married, she requested no male pallbearers. In her handwritten instructions for her memorial service, she wrote, "they wouldn't take me out while I was alive, I don't want them to take me out when I'm dead."

-At Sunday School they were teaching how God created everything, including human beings. Little Johnny seemed especially intent when they told him how Eve was created out of Adam's ribs. Later in the week his mother noticed him lying down as though he were ill, and said, "Johnny what is the matter?" Little Johnny responded, "I have a pain in my side, I think I'm going to have a wife."
